

HOW YOUR ORGANIZATION CAN BENEFIT

- Increase productivity and profits
- Improve communication skills
- Achieve greater collaboration
- Ensure accountability and follow-through
- Create culture shift through focused actions

The Effective Meeting Management Program by EduLeader is an **interactive online course** designed to teach participants the skills and competencies required to run and participate in productive meetings.

Those organizations that increase productivity through more effective meetings improve financial bottom-line results and achieve stronger outcomes.

THE COST OF INEFFECTIVE MEETINGS IS STAGGERING!

Only **39%** of meetings achieve their objectives.*

28% of meetings are considered unnecessary.**

47% of employees believe that there are too many meetings in the workplace.***

Over **40%** of a manager's time is spent in meetings.*

If you have 100 managers in your company, this results in at least

\$2,500,000/year in unproductive meetings.*

HOW DOES THE PROGRAM WORK?

The course can be completed in only **three impactful half-hour sessions:**

1. PRE-MEETING PLANNING
2. THE EFFECTIVE MEETING
3. POST-MEETING WRAP

- Proprietary PLAN model helps learners remember the easy steps to ensure successful meetings
- Short videos and text keeps both auditory and visual learners engaged
- Progress is tracked through sample scenarios and knowledge checks
- Downloadable templates, checklists and course summary are available for easy reference
- Personal Action Plan ensures commitments for future behavioral change
- Pre and post surveys help determine meeting management effectiveness by company and department
- Certificate provided upon completion

Even the greatest leaders need to keep their skills current to remain competitive.

The **Effective Meeting Management Program** is designed to help individuals and organizations conduct focused and successful meetings by strengthening culture through actions that encourage collaboration and accountability.
